Citrullin⁵⁰⁰ minis

PRODUCT INFORMATION

Citrullin⁵⁰⁰ minis

Citrullin⁵⁰⁰ minis

- for use in the dietary management of Urea Cycle Disorders or other medical conditions, where supplementation with L-Citrulline is indicated

✓practical ✓flexible ✓discreet

- L-Citrulline in the form of tablets
- from 3 years of age
- neutral in taste and smell

✓ in case of e.g. Urea Cycle Disorders

- **Citrullin⁵⁰⁰ minis** are an amino acid supplement in the form of coated tablets – exclusively with L-Citrulline.
- **Citrullin⁵⁰⁰ minis** contain 500 mg (2,9 mmol) L-Citrulline per tablet.
- **Citrullin⁵⁰⁰ minis** are a food for special medical purposes.
- **Citrullin⁵⁰⁰ minis** are suitable for use in the dietary management of Urea Cycle Disorders such as NAGS Deficiency, CPS Deficiency, OTC Deficiency or Argininosuccinic Aciduria and other medical conditions, where supplementation with L-Citrulline is indicated. Suitable from 3 years of age onwards.
- **Citrullin⁵⁰⁰ minis** are highly concentrated.
- **Citrullin⁵⁰⁰ minis** are not fortified with micronutrients.

✓ for use in the dietary management

- L-Citrulline (**Citrullin⁵⁰⁰ minis**) is used in the dietary management of Urea Cycle Disorders – where supplementation with L-Citrulline is indicated.
- L-Citrulline (**Citrullin⁵⁰⁰ minis**) can also be used supplementary in the dietary management of insufficient endogenous production of this amino acid, e.g. in Short Bowel Syndrome.
- L-Citrulline (**Citrullin⁵⁰⁰ minis**) can also be given as a substitute in the dietary management of Lysinuric Protein Intolerance.

✓ convenient and discreet

- **Citrullin⁵⁰⁰ minis** are ready for application, no preparation necessary.
- **Citrullin⁵⁰⁰ minis** can be consumed discreetly.

✓ neutral and flexible

- **Citrullin⁵⁰⁰ minis** are neutral in taste and smell – they allow a tasteless intake of L-Citrulline.

✓ easy and practical

- The surface of **Citrullin⁵⁰⁰ minis** is very smooth. This is why you can easily swallow the tablets.
- For taking **Citrullin⁵⁰⁰ minis** you simply need a glass of water or any other permitted drink: **Citrullin⁵⁰⁰ minis** are practical, handy, easy!

✓ Dosage/ Administration

- **Citrullin⁵⁰⁰ minis** should always be taken with a sufficient quantity of liquid. They should be swallowed unchewed as whole tablets. They are not meant to dissolve in the mouth. We recommend to take the tablets in an upright position.
Note: The tablets are covered with a tasteless coating. This makes it easy to swallow them. However the layer is very thin. Thus, if the tablets were kept in the mouth for too long, this layer would dissolve and release the typical taste of Citrulline. This is why we recommend the administration above.
- The daily dosage depends on age, body weight and individual medical condition and is determined under medical supervision.
- Also the right time for the daily intake should be determined by healthcare professionals.
- **Citrullin⁵⁰⁰ minis** should at best be taken along with pre-calculated amounts of food.
- **Citrullin⁵⁰⁰ minis** should be taken supplementary to the regular amino acid mixture – if applicable.
- The box with **Citrullin⁵⁰⁰ minis** must be closed tightly after use, also with the inner lid.
